### NOTICE OF FINAL HAZARDOUS WASTE FACILITY PERMIT DECISION FOR BOEING SATELLITE SYSTEMS, EPA ID NO. CAD 060 897 063

In accordance with the requirements of California Code of Regulations (CCR), title 22, section 66271.14, the Department of Toxic Substances Control (DTSC) is hereby issuing a Hazardous Waste Facility Permit for the storage of hazardous waste to the following facility:

Boeing Satellite Systems, Inc.  
999 N. Sepulveda Boulevard  
El Segundo, California 90245  
Los Angeles County

On October 16, 2006, DTSC announced a 45-day public comment period on the draft permit and California Environmental Quality Act (CEQA) Notice of Exemption. That comment period ran from October 16, 2006 through November 30, 2006. A public hearing was held on November 16, 2006 at the City Council Chambers, El Segundo City Hall, 350 Main Street, El Segundo, CA 90245. During the public comment period, only one person commented on the draft permit renewal. DTSC received 21 comments from this member of the public. DTSC has prepared a Response to the Comments document and made changes to the Draft Permit in response to public comments. A copy of the Response to Comments documents has been sent to each commenter. The Response to Comments document, the DTSC memorandum to file listing the revisions made to the Draft Permit in response to public comments, and a redline/strikeout version of the permit showing all the changes from the Draft to the Final permit, are available to the public at the repositories listed at the end of this Notice.

In its role as Lead Agency under the provisions of the CEQA, DTSC has determined that this project activity (i.e. the permit renewal) will not have potential for a significant effect on the environment. Therefore, DTSC prepared a CEQA Notice of Exemption for this project activity. After a final permit decision has been issued under CCR, title 22, section 66271.14, any person who filed comments on that draft permit or participated in the public hearing may petition DTSC to review any conditions of the permit decision. Any person who failed to file comments or failed to participate in the public hearing on the draft permit may petition for administrative review only to the extent of the changes from the draft to the final permit decision. The period within which a person may request review under section 66271.18 will begin on March 9, 2007 and end on April 9, 2007. The permit becomes

effective on April 10, 2007, unless a petition for review is filed. The petition shall include a statement of the reasons supporting the request for review, including a demonstration that any issues being raised were raised during the public comment period (including any public hearing), or were not reasonably ascertainable at the time of the public comment period. When appropriate, the petition must show that the condition in question is based on:

1. A finding of fact or conclusion of law that is clearly erroneous, or
2. An exercise of discretion or an important policy consideration which DTSC should, in its discretion, review.

A petition must be postmarked no later than April 9, 2007, and must be submitted to:

Watson Gin, P.E., Deputy Director  
Hazardous Waste Management Program  
Department of Toxic Substances Control  
P.O. Box 806  
Sacramento, California 95812-0806

A copy of the petition shall also be sent to:

Jose Kou, P.E., Chief  
Southern California Permitting and Corrective Action Branch  
Department of Toxic Substances Control  
1011 North Grandview Avenue  
Glendale, California 91201

A copy of the complete administrative record for this permit can be reviewed at:

Department of Toxic Substances Control  
1011 North Grandview Avenue  
Glendale, California 91201  
Contact: Ms. Jone Barrio for an appointment at (818) 551-2886

Copies of the Final Permit, Response to Comments, Summary of Changes from Draft Permit to Final Permit, Redline/Strikeout Final Permit and the CEQA Notice of Exemption are also available for review at:

Notice of Final Permit Decision  
March 6, 2007
